Room for growth

As storage requirements grow and budgets do not it is essential to get the best from your technology infrastructure. You need solutions that are flexible and powerful enough to cope with the increasing demands. HP ProLiant and HP StorageWorks solutions offer the perfect combination to keep up with your organisation's current and future demands. Right now if you purchase one of our selected HP StorageWorks P2000 MSA products you can complete the solution with an HP ProLiant DL360 G7 server for FREE¹.

HP ProLiant DL360 G7

The HP ProLiant DL360 G7, powered by Intel® Xeon® 5600 Series Processors provides concentrated compute power and the essential fault tolerance you need to power your infrastructure and keep it running.

HP StorageWorks P2000 MSA

This low cost consolidated storage array helps reduce the risk of IT failure whilst offering the flexibility to meet the needs of a growing business.
